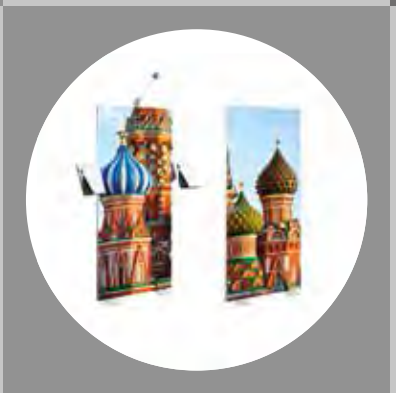
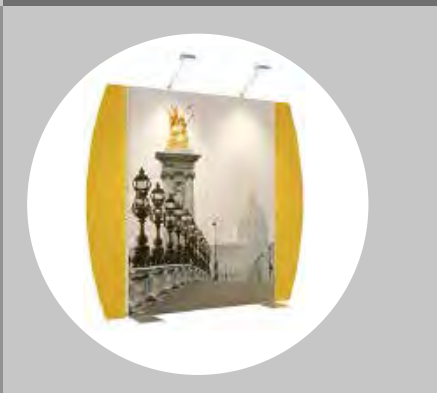
THE ART OF SUCCESSFUL PRESENTATION

Professional information and communication with OCTANORM Display Systems





THE WORLD OF SYSTEMS

OCTANORM®

DISPLAY AND PRESENTATION SYSTEMS

Welcome to the World of Systems powered by OCTANORM!

Whether at exhibitions, events, retail environments or point-of-purchase, graphic displays are designed to be noticed. OCTANORM can meet the requirements of all these situations with a comprehensive range of display and presentation systems. They offer the choice of portable lightweight displays or more permanent heave-duty structures with or without illumination. In addition, whatever the scale of your presentation, you can choose standard or custom-build units.

The systems are produced in accordance with the OCTANORM philosophy: “Creative design using top quality materials to produce simple and easy to handle systems”.

TECHNICAL INFORMATION

OCTAFABRIC AND OCTAPANEL

OCTAfabric and OCTApanel are thin, elegant free standing displays for an effective double sided presentation. OCTAfabric allows printed fabric to be easily and quickly changed without tools. The system groove allows for the attachment of spotlights, literature racks or display shelves. OCTApanel accepts graphic panels up to 4 mm. The panels can be attached with double sided adhesive tape or magnetic tape (sold separately) that is applied to frame and graphic panel. OCTAfabric and OCTApanel can also be supplied in custom sizes for larger format graphics.

TECHNICAL INFORMATION

OCTAPOLE BANNER SYSTEM

OCTApole is the ultimate key to successful graphic displays. This ingenious display system offers incredible versatility and an endless range of applications. With an extrusion based on the telescopic principle, OCTApole is easy to adjust in height, allows double-sided exposure and is very easy to mount. The idea display medium! Extrusions can also be attached to the ends to provide additional flexibility in adding monitors, workstations, etc.

Design example: OP 200, 2 x VA 5020

VARIO EVENT RECTANGLE

Thanks to the variable “VARIO EVENT SERIES” made by OCTANORM, every outdoor event becomes a highlight. The unique and timeless design adds to the distinctive character of your outdoor presentation. There is a wide scope for design as the system offers endless configuration and combination possibilities. With four uprights, the rectangle is solidly constructed. Graphics and banners are easily attached for a perfect outdoor presentation of your sales message.

❸ W 350 x H 200 - 2020 mm

❹ W 1348 x H 200 - 2020 mm

OCTACOUNTER

THE OCTAcounter is impressively simple to assemble! Its modern design and robust construction allows this counter to be used in a wide variety of ways at exhibitions, marketing events and product demonstrations. The side panels just unfold into position without the need for tools. The interior shelf offers extra storage for literature or supplies and lockable doors are available. Where larger reception counters are needed, OCTAcounter modules can simply be linked together.

Design examples: Q400.33/USA (panel) and Q401.33/LED (illuminated)
