**THE INFLATABLE EVENT TENT 8x8**

alle Fotos: Michael Neukum

**X-GLOO** [X-Pert 8x8]

The new X-GLOO 8x8 Event Tent – A perfect marketing tool reaches toward the sky:

at almost 8m wide and 5m high, this giant of a tent sets new benchmarks by providing increased branding surfaces for undreamed-of individualisation wishes and an impressive interior area of 30m² for big event use!

The X-GLOO 8x8 is the newest addition to the modular X-GLOO Tent System: constructed aerodynamically with a quick setup and easy transport, watertightness, UV-protection and fulfillment of the CPAI-84/B1 fire protection norm are guaranteed.

A successful product thanks to clever functionality and dramatic visual appearance with guaranteed attention-getting value!

"The X-GLOO tent arrived
yesterday and I had the chance
to assemble most of it today.
It looks great! Thank you for the
speedy service. Can't wait to put it
to use this weekend."

*Aaron White, Kickboard, Canada*

# X-GLOO [EVENTS]

The Module X-Act is the quickly-available X-GLOO version: The Matrix is available in a choice of black, white, blue or red. Side Walls are in a classic silver design, optionally with velcro, individually or alternatively as a cost-efficient Set.

The X-Act Module offers the advantages of a flexible range of use and short delivery time.

If there is room to play with regard to time, the X-Act can be individually designed by printing the Velcro- and Canopy Banners or the entire Side Wall in digital printing.

The X-Act can be combined with all other modules or tents.

**also available as SET:** **cost-efficient complete variant.**
Matrix in black, white, red or blue,
plus 4 silver Side Walls of your choice.

Module X-Pert [BASIS]

---

## X-GLOO [EVENTS]

The Module X-Pert lets you design your X-GLOOs according to your own preferences: Along with the available standard colors, you can also choose from all of the colors of the Pantone color guide. Thus, you can design the different areas of the Matrix and the Elements such as Side Walls, Canopies, Canopy Banners and Tunnels in your corporate identity colors.

The numerous branding options are a special feature of the X-Pert Module: Roof, Tubes, Walls, Canopy and Canopy Banner can be personalised with logos or photographs. You also have the option of designing one or both sides of the Side Wall.

The personalisation takes place with sewn application, screen printing or digital printing.

The branding options transform the X-GLOO into a premium image carrier par excellance. Let your creativity run wild!

**X-GLOO** [EQUIPMENT - ACCESSORIES]

---

The X-RELAX seating is an inflatable stool in the attractive X-GLOO style. It impresses with elegant design and clever functionality.

The core of the X-RELAX is cylindrical air tube, similar to the Tube construction of the X-GLOO. This construction provides the stool with enormous stability.

The ideal accessory for any event location: at only 5.5 lb, the round stool fits easily into the 3.9 inch transport bag.

Handling is simple, too: lay it out – inflate with air – done: The X-RELAX is ready for use within a minute.

Our seating is available in a wide variety of colors and can be designed individually.

**Branding:**
screen print
